LOOPTRACE

FARM TO
FASHION

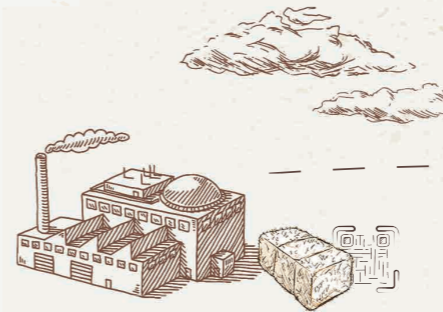

Where others
stop at Tier 2
we go further

Looptrace Mapped

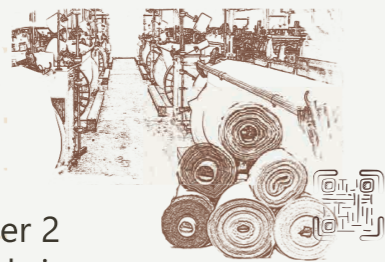

Tier 5
Farmer

Tier 4
Ginner

Tier 3
Yarn

Tier 2
Fabric

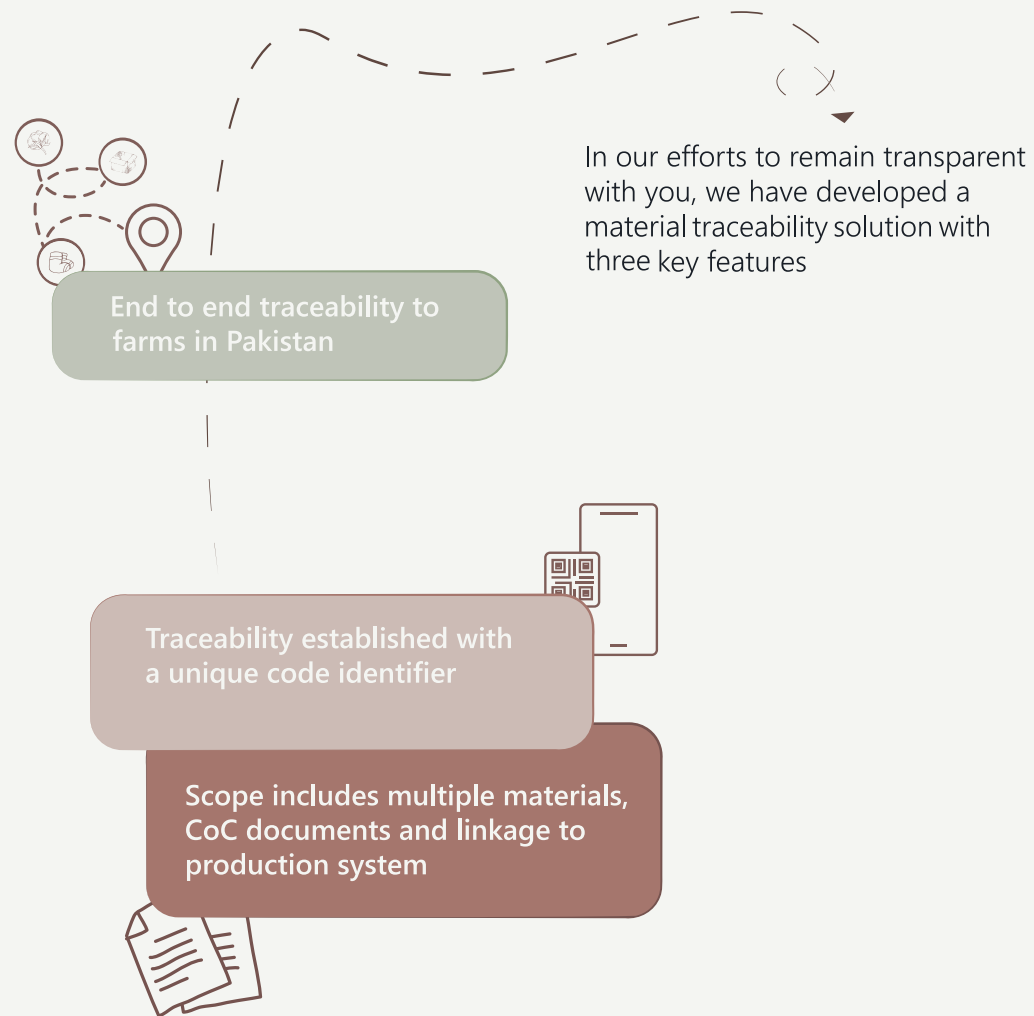

Tier 1
Garment

From cotton fields to finished products, every step of our supply chain is tracked and traced to give our partners access to transparent raw material information.

Looptrace Features

Material traceability
solution

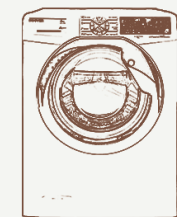

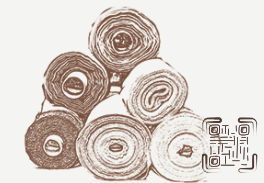

Looptrace Base

Digital chain of raw material custody and transparent data from farmer to ginner to yarn

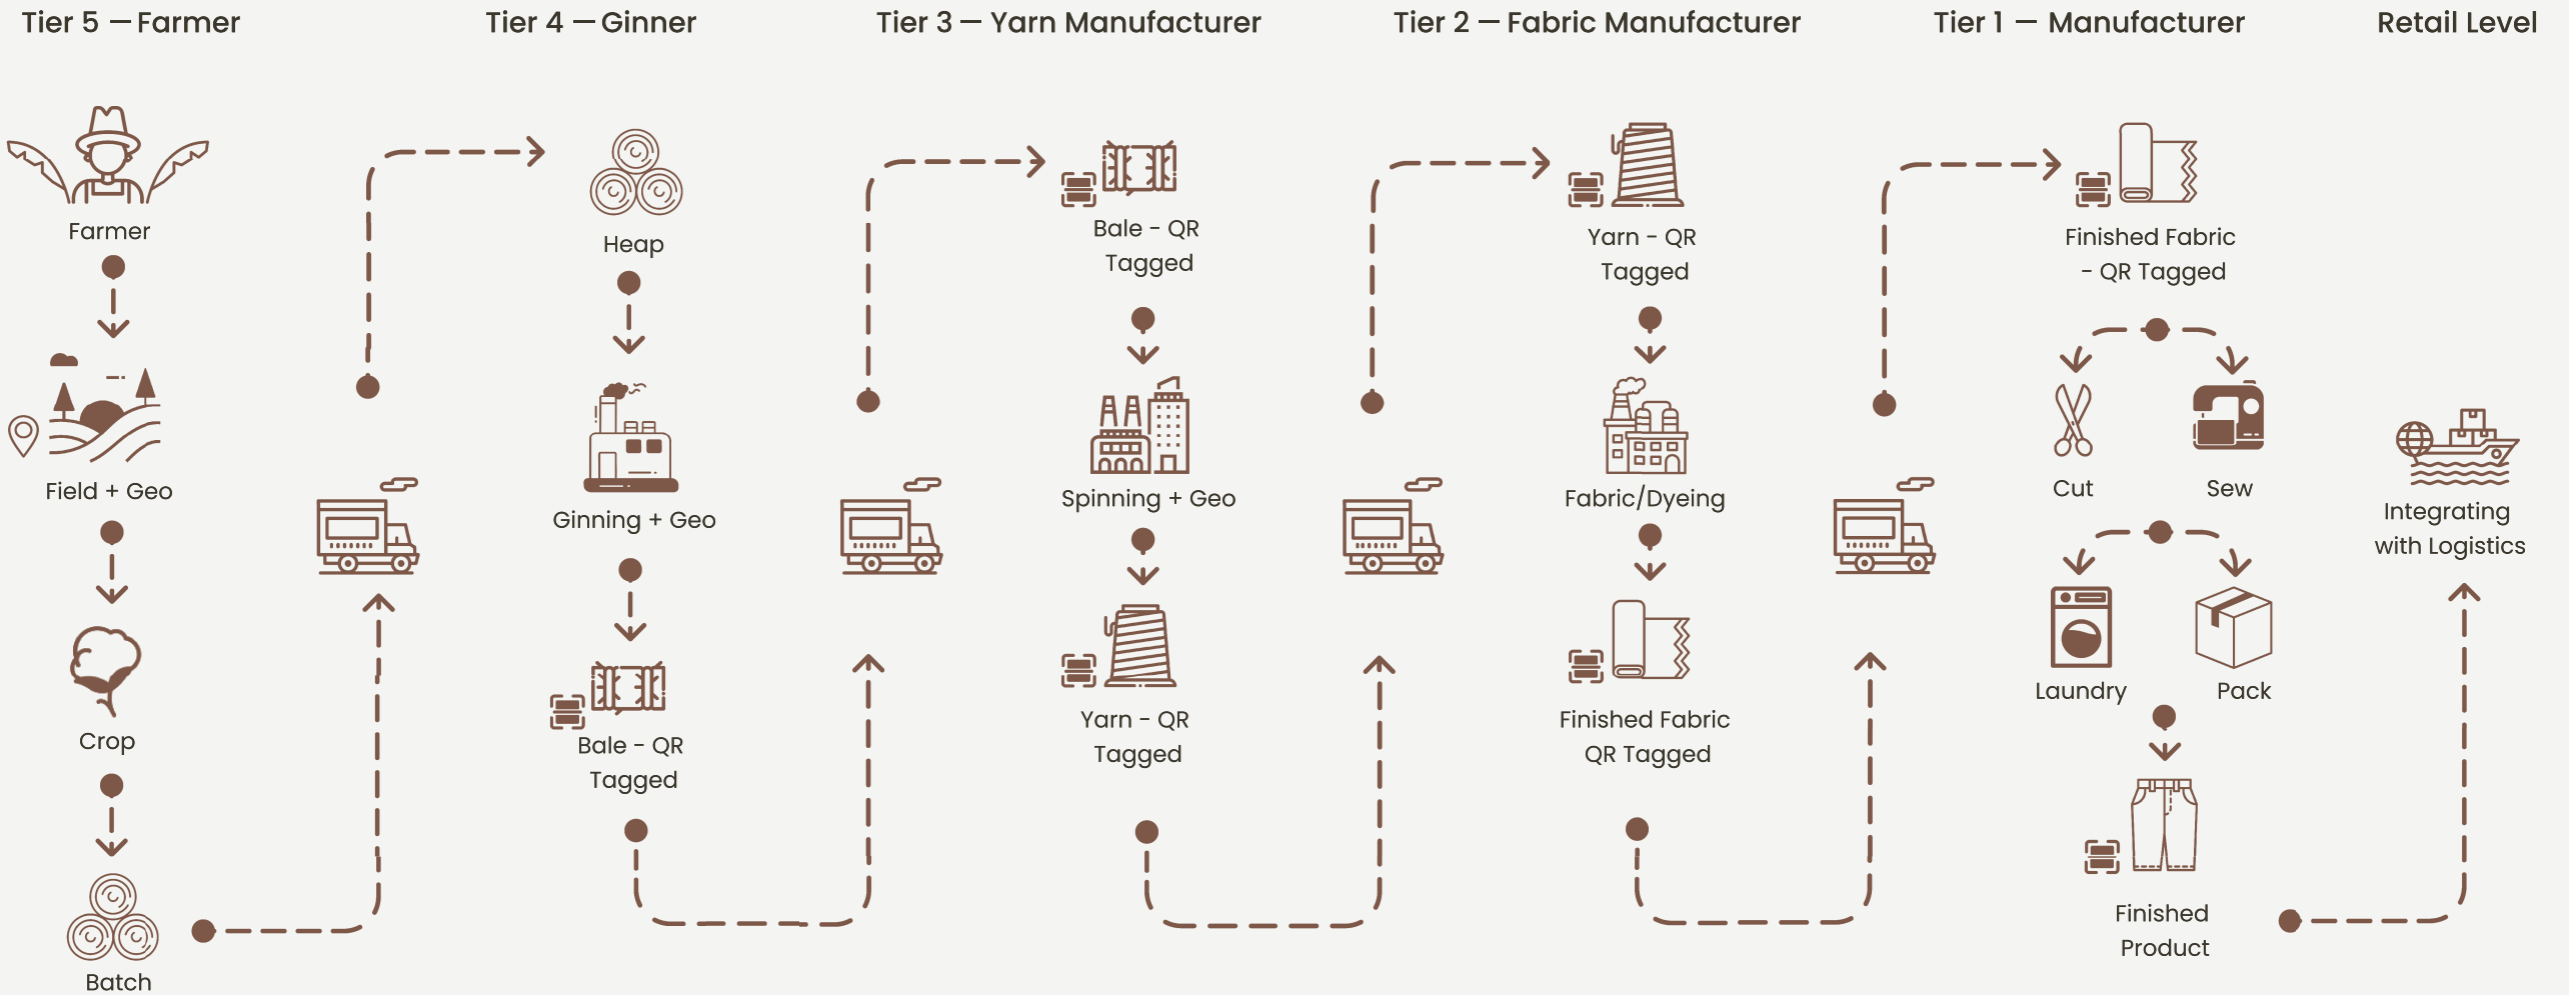

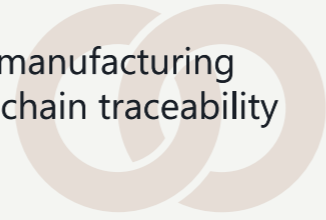

Looptrace Extension

Digital product passport from knitting to fabric to final garment with integrated logistics

Looptrace Process

Textile manufacturing supply chain traceability levels

Looptrace Base

Textile Common
(To Cover)

Natural Fibres
Man Made Fibres

Looptrace Extension

Business Specific
e.g.

Knitted garment from yarn
Knitted fabric from yarn
Woven fabric from yarn
Garment from knitted or woven fabric

Looptrace Strength

Forward and cascade
traceability

Chain of custody based digital supply chain with QR code tagging for physical traceability

Flexible and adaptable technology enabling traceability across multiple manufacturing processes

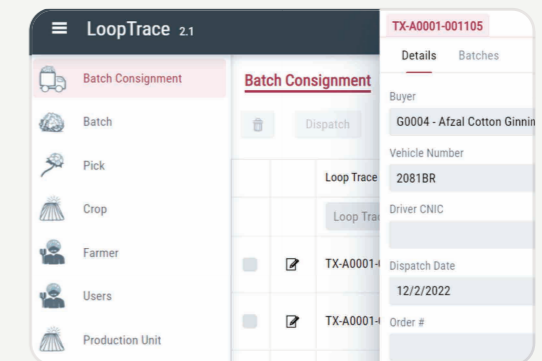

Data integrity ensured through local implementation partner, farmer training, and audits

All transactions and ownership to be signed and verified through permissioned -blockchain

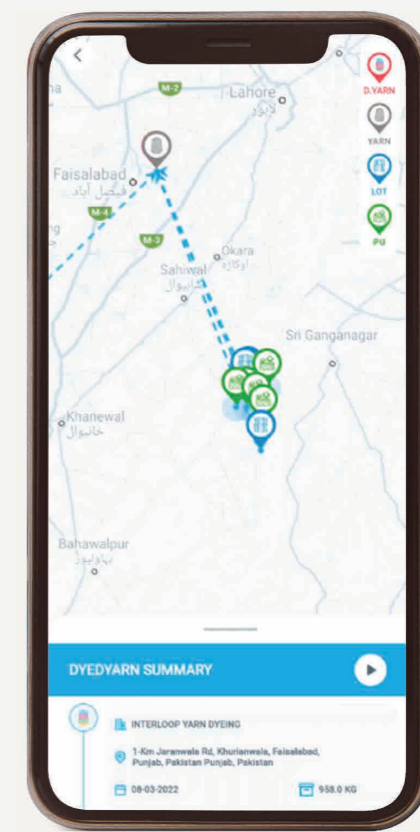

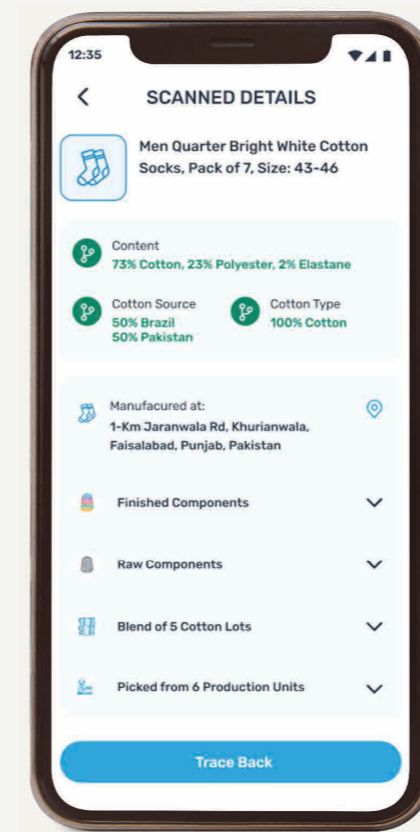

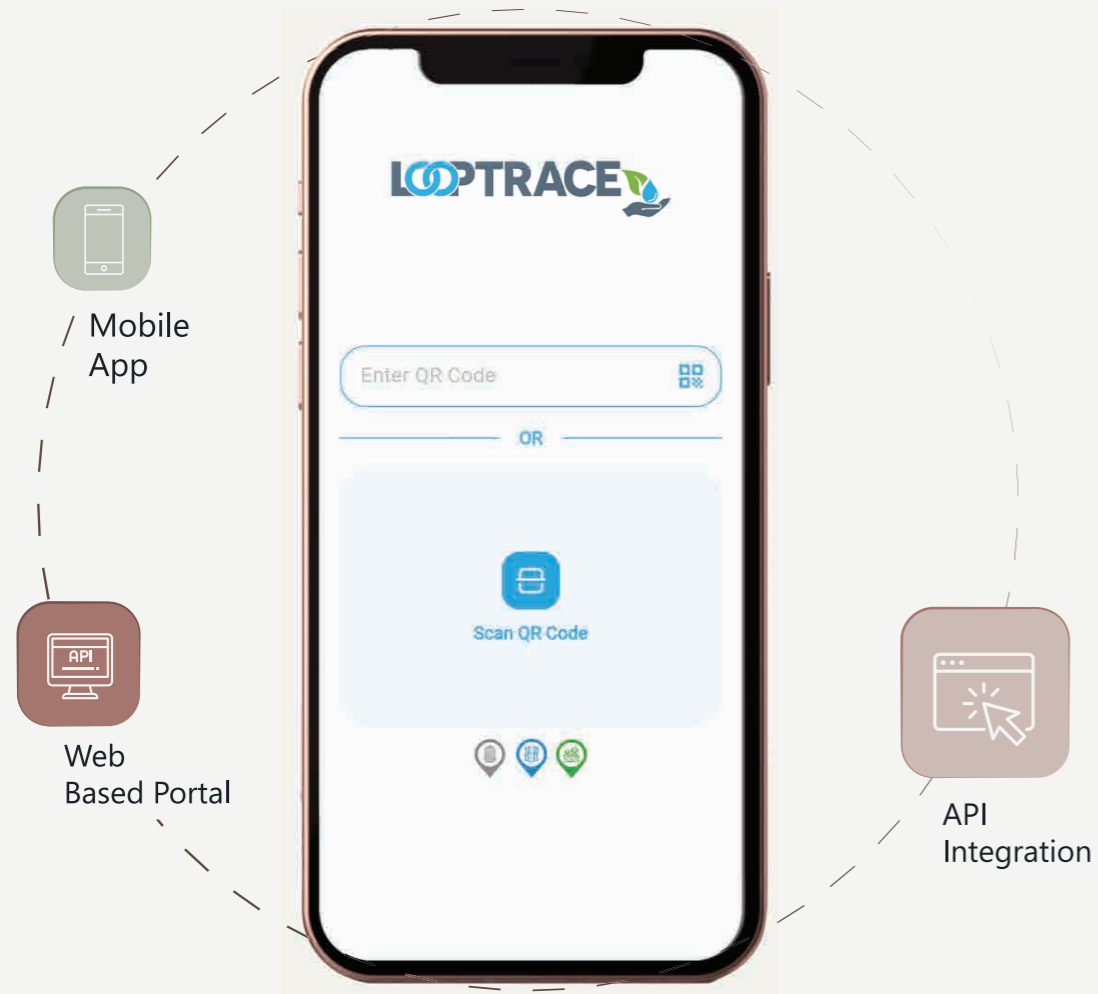

**Strong connection
with farmers**
over 42000 farmers
part of the database

Looptrace Portal

User-friendly interface and intuitive design

Your Digital Product Passport

 **Menswear Jeans**

EIM SCORE  **LOW IMPACT**

 Water Consumption	 Power Consumption	 Use of Chemicals	 Employee Health
36 l/kg	1.45 kWh/kg	52 /Gmt	2 /Gmt

 **Cotton Source**
Pakistan 100%

 **Content**
99% cotton
1% Lycra

 **Manufactured at**
INTERLOOP DENIM

 **Finished Fabric Components**

 **Raw Yarn Components**

- 14/1 Cotton Ring CD + 40D Lycra Draft 3.25
- 8.5/1 NE CDD SLUB RAW WHITE COTTON BCI 100%

Captures details on the product's origins, material composition, supply chain, sustainability, and more — all easily tracked with Looptrace technology.

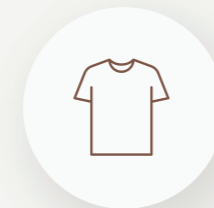

Preferred Fibres And Materials

Interloop sources 100% of its raw materials from third-party certified suppliers.
